SAMUEL SIMES'
PURE COD LIVER OIL.

NO KNOWN TEST will recognise pure Cod, from other fish liver oils, or even from extensive sophistication with other oils. The character of the manufacturer is the only guarantee of genuineness.

COMMERCIAL OIL is seldom or NEVER pure; Hake, Pollock, Haddock, Dogfish, oven Seal, Lard, or Whale oils, constitute portions or wholly the article usually supplied as Cod Liver Oil; jeopardizing the life of the patient and sapping the reputation of both vender and physician.

PERSONAL INVESTIGATION of the above facts induced me at considerable expense to supply my customers with an article of MY OWN MANUFACTURE. The extraordinary favor it has received; its great superiority in quality, appearance, and effectiveness, have created a demand which enables me to give that personal supervision to its manufacture by which I am enabled to guarantee it absolutely pure and unequalled by any other.

My oil is separated from fresh and healthy Livers of the Cod alone, the same day the fish are caught, by a process which yields it just as it naturally exists in the liver cells of the live fish; so bland and fresh, that the most sensitive palate will take it with pleasure; contradistinguished from all others by its unaltered naturel condition, by its perfect transparency, absolute purity, and freshness, it has received the patronage of the first physicians throughout the continent, an award from the Franklin Institute of Philadelphia, and the medal at the World's Fair, London.

It is handsomely wrapped, in large bottles, each accompanied by an elaborate treatise, illustrative of its source, preparation, properties, &c., &c., and carefully packed for transportation.

☞ PURCHASERS AND CONSUMERS desirous of employing the pure tasteless Oil, should be very cautious in observing that my name is impressed upon every bottle, and my written signature in ruby ink upon every label.

A LIST OF PRICES, with my copy-righted illustrated treatise, will be furnished gratis to post-paid applicants.
